

MODEL SSV/5 MAXI-SKIMMERS™

VARIABLE COLLECTION RATE: 1-20 GPH!

The World's ONLY Adjustable Collection Rate Belt Oil Skimmer!

Model SSV/5™ is for use in applications when desired oil collection rate is unknown or may change. The **Model SSV/5** costs less than other 5+ gallon/hour skimmers on the market!

- Permanent magnet DC motor that can last for a decade!
- Extruded pinion which conforms to AGMA7 level quality- built right where it counts.
- Completely corrosion proof – made of stainless steel and lightweight polymers – built to handle the environments these skimmers face.
- Belt technology proven over 25 years of service – SS or polyurethane! 4" wide belts standard (1", 2", or 3" available). **CUSTOM LENGTHS AVAILABLE – up to 50 feet!**
- Comes with an oil diverter hose and a handle for easy portability!
- Old School Product & Technical Support comes free! Call us anytime.

OPTIONAL ACCESSORIES:

- Our **NEW** Adjustable Stand (up to 5') made from 80/20® Extruded Aluminum. Great for discharge into 55 gal drum.
- **Maxi-Sep™** gravity separator assures 100% oil recovery.
